

Note from Thomas Jerry Scott, 5/19/2006

According to Verisign's web site, we have the following information regarding PKCS 13.

PKCS #13: Elliptic Curve Cryptography Standard

PKCS #13, the elliptic curve cryptography standard is still under development. It will address many aspects of elliptic curve cryptography, including parameter and key generation and validation, digital signatures, public-key encryption, key agreement, and ASN.1 syntax.
